

CAMP

Centre for Applied Macro-
and Petroleum economics

The Centre for Applied Macro- and Petroleum economics (CAMP) at the BI Norwegian Business School invites Ph.D. students and scholars to a

Mini PhD course in Bayesian Econometric, September 9-12, Oslo, Norway

with Luc Bauwens, CORE and Universite catolique de Louvain

Professor Luc Bauwens is a leading scholar in Bayesian econometrics, financial econometrics and dynamic econometrics. The course will cover the basic concepts necessary for Bayesian inference, numerical methods, and specific methods for Bayesian inference in regression analysis, Vector Autoregressions (VARs) and volatility models. The full set of details is available from

<http://www.sucarrat.net/teaching/dre7014/>

The mini-course can be accredited as a course, if participants complete an assignment at the end. To register for this course go to this link: https://at.bi.no/EN/Pages/ProPhd_Course-Registration.aspx or email phd@bi.no for questions. There will be no fee for attending the mini-course, but participants are expected to cover their travel and accommodation costs. The number of course participants is limited.

For questions about the course content please email to genaro.sucarrat@bi.no or hilde.c.bjornland@bi.no.

We hope to see you in Oslo in September!

Hilde C. Bjørnland and Genaro Sucarrat
