Applying for admission to	

Students can get recognition for external education up to 30 ECTS credits as part of the Executive Master of Management degree.

In order to get recognised external education incorporated into the degree, it is a condition that the education is accredited, at master level and that it has a management perspective. In addition, the education must be experience based or that the student has undertaken this education in connection with further and continuing education connected to his or her work.

External education that is approved in accordance with a master's course must in principle be a course of 30 credits. If external education consists of smaller units, the units must be such that together they can be regarded as one general topic that corresponds to the overall learning outcome descriptions for the Executive Master of Management degree at BI Norwegian Business School. The minimum unit that can be approved must be a minimum of 7.5 ECTS/credits.

The final course has to be completed at BI.

**Please ensure that you enclose a copy of your diploma/transcript of grades and course or study plan with course description and course syllabus.**
