

Nordic preparation for the energy transition

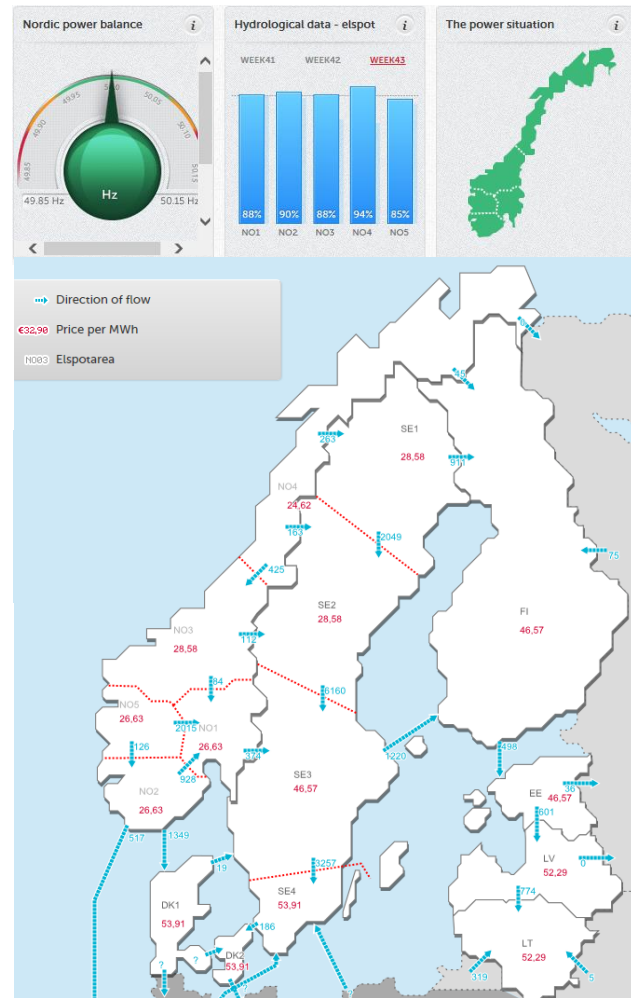

Bente Hagem, Executive Vice President

Oslo, May 11 2017

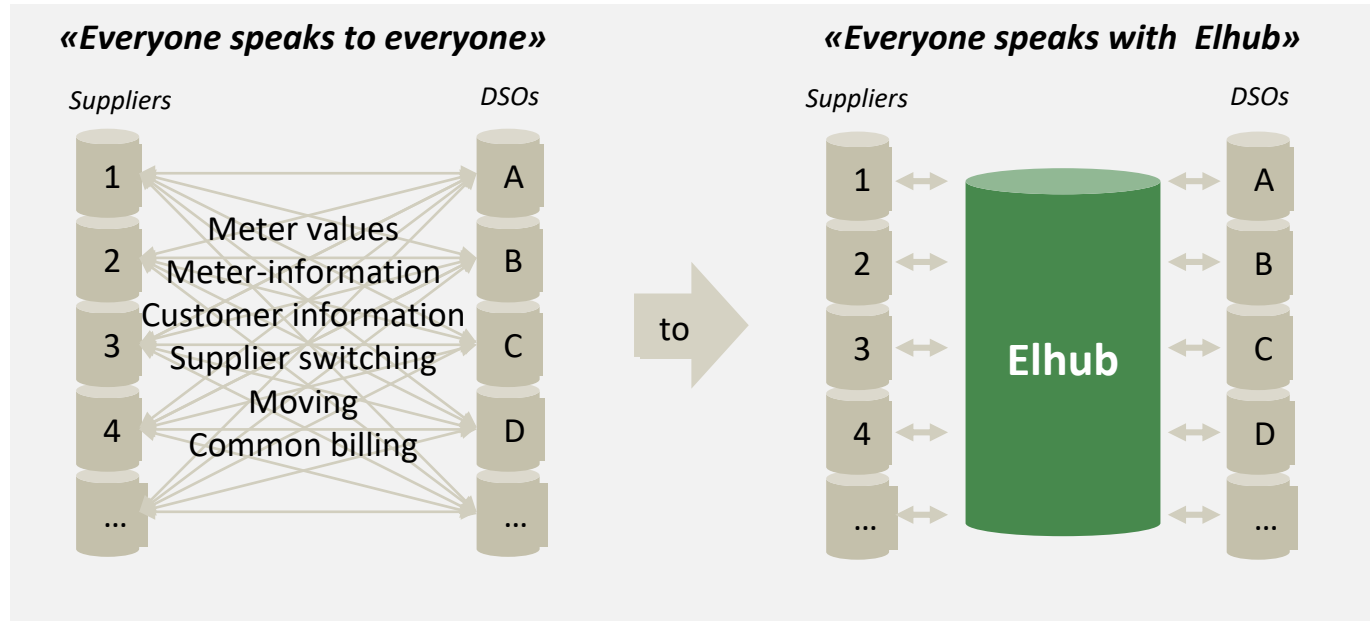

Statnett

Realize a Nordic retail market and get the customer in the center

- ✓ Third largest market in Europe, after Germany and France
- ✓ Traditions for market cooperation
- ✓ Each country develop ElHub's, and install smart meters
- ✓ A target model for retail regulation in EU

Huge efficiency gains

3.0 million measurement locations

Ca.1 mill. shifting suppliers (in and out) per year

We are preparing for the energy transformation

- Innovative, new technology

- Efficient and transparent marked processes

- Centralized calculations and reporting

- Data and Privacy Protection
